

# ROLLING THUNDER THE MUSIC OF AC/DC

## WHAT WE DO

Rolling Thunder the Music of AC/DC provides a high energy packed performance replicating the music and experience that gives the visual, the audio, and the thunderous feel of an actual AC/DC concert while performing the biggest hits from both the Bon Scott and Brian Johnson eras.

If you're looking for a high energy Rock Show, look no further. Rolling Thunder is perfectly suited for opening slots for national acts, casinos, corporate events, private parties, or most outside and inside venues.
